

Redline – Newcastle Core Zoning Code

v0.12-draft → v0.14-draft · changed passages only

How to read this redline. Struck-through text was removed; red text was added immediately after it. Only the TEXT of the Code is compared – natively rendered layout (district spreads, Type plates, district maps) and images are not shown here.

No textual changes between the two versions. (Layout, native tables, and images are not compared.)
